

Are You Planning for **Accreditation?**

**Make us Your
Companion
of Success Journey**

GATI

**Governance & Accreditation
Technology Interface**

We are here to Assist you

Higher Education Institutes (HEIs) are more competitive to offer quality academic programs. The government of India is encouraging HEIs to participate in the process of accreditation. The quality of academic programs is improving significantly after accreditation. Indeed, accreditation is a symbol of academic excellence which ensures stakeholders about quality in academic practices of the accredited institution.

Why GATI?

The preparation and process of accreditation are dedicated tasks of data planning. Data related to academic practices, result analysis, research outcome, extra-curricular activities, and contribution of stakeholders need to organize and present in standard formats.

GATI is centralized accreditation data planning software; it is the ultimate solution and guiding beacon for the accreditation process.

- Standard Formats as per **Washington Accord**.
- **Guiding Mechanism** for Accreditation Process.
- **Automate** the Accreditation Process.
- Makes the Accreditation **Process Easy**.
- Designed and Developed by **Accreditation Experts**.
